Rebuilding Together Oakland | East Bay (RTO|EB) is part of the largest volunteer organization in the U.S. dedicated to rehabilitating homes for low-income seniors and people with disabilities. We complete **upgrades on facilities** located in Oakland and Hayward that serves low-income communities. We want those we help to be able to remain in their homes safely and with dignity.

Repairs are **Free** to the facility and come with no strings attached. However, if you are accepted into the program, we require that you do not sell or let go of your lease for two years after our work is complete. All projects are completed by community volunteers and facility staff working side-by-side. The costs of the repairs and modifications are fully covered through fees paid by sponsoring organizations and grants, so **there is never any cost to the facility**.

Everyone we work with has financial need; and every facility we work on needs significant work. We have limited resources and receive applications from many more facilities than we can help. We do not maintain a waiting list. However, you may reapply if your facility is not chosen.

Please feel free to contact me if you have any questions.
